Annie Qurat

Business / Data Analyst

MSc in Data Engineering

SQL · Python · Power BI · Stakeholder management

I enjoy translating business needs into clear **analytical insights**. I like working with teams from diverse backgrounds, and translating between technical and non-technical stakeholders.

PROFESSIONAL EXPERIENCE

Working Student (Data Analytics & Cybersecurity)

Siemens Energy

- Synthesize OT cybersecurity stakeholder inputs into structured reports
- Support central cybersecurity portfolio across all business units
- Identify overlaps and **standardization** opportunities
- Perform vendor pricing calculation for multi-million-euro investments
- Track projects using **Power BI** and **Excel**
- Familiarity with **GDPR** principles (data minimization and access-control)

Germany
2024-Present

Data Analyst & Consultant

DemandTex

- Led daily **technical deep-dives** to solve time-sensitive issues
- Defined KPIs to guide pricing, inventory, and promotion strategies
- Built pricing models that increased client **revenue by 18%**
- Analyzed **1M+ rows of data** for inventory and replenishment decisions
- Fine-tuned **forecasting** modules to improve accuracy using **RELEX**

Turkey
2022-2024

Various Internships

- Supported **data operations** - U.S. congressional office
- Analyzed healthcare data to identify trends (**R**, **Excel**)
- Assisted with data mining and statistical analysis (**R**)

U.S. Senate - U.S.A. 2018
Val d'Hebron Hospital - Remote 2017
Research Assistant - Turkey 2016

EDUCATION

Masters Development Economics | *Friedrich-Alexander-Universität (FAU)*

Germany 2024-2026

MSc Data Engineering | *Marmara University*

Turkey 2019-2021

Bachelors International Relations (Minor: Economics) | *Marmara University*

Turkey 2016-2018

Study Exchange | *Beloit College*

USA 2018-2019

Coursework and projects focused on analytical insights across domains such as retail, cybersecurity, healthcare, and public policy.
